The Honorable Dr. James Killian  
Director, President's Foreign  
Intelligence Advisory Board  
The White House  
Washington, D.C.

Dear Sir:

I take the liberty of enclosing for your perusal my private Intelligence Reports, dealing with recent unprovoked and brutal attack against Portugal by so-called "Neutral India". This attack was cleverly organized by the forces of Kremlin and international Communist conspiracy, while and when, the President of the United States is visiting Venezuela and Colombia, while and when, the President of the Soviet Union is visiting India, while and when, the United Nations forces brutally attacking people of Katanga (under General of India command). The Government of India, cynically ignored the United States President Appeal, Vatican Appeal, United Nations Appeal, British and French Appeals, and with pleasure comrade Krehma Menon accepted order from Kremlin and international Communist conspiracy.

I do believe that the United States Government should renew U.S. Appeal to the United Nations and to Government of India, to withdraw India's military forces from the provinces of Portugal.

Very respectfully yours,

John Muc, Executive Director  
American Motion Pictures for Freedom, Inc.
